Mirrored framing immediately draws your eye to the modern-traditional profile of the case goods and bed as do the clipped corners on the bed mirror and vanity. Silver finished drop pull hardware centers each bead-molding adorned drawer front. The silver finish of the collection is illuminated not only by the reflected light off the mirrors, but it is also enhanced by the contrasting silver-gray crystal button-tufted accents on the headboard and footboard. Beyond the traditional case goods that are offered, an available vanity further enhances your space. Glass is mounted between the two vanity drawer units. Jewelry hooks provide convenient storage behind the folding mirrors and the available coordinating stool complements the collection.
