### **Care Instruction for Chenille Furniture:**

To maintain the original appearance of your chenille furniture, please follow the simple care procedures below:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage chenille.
- Vacuum or wipe with a soft cloth to remove dust.
- Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.

For items used on wooden floor, hard surfaces or carpets, it is recommended to install protective pads under all legs and supports to prevent damages, scratches, and discoloration.
